ONSHORE AND OFFSHORE PIPELINES

We have laid over 9000 km of pipelines in diverse terrain. From steep mountain slopes to harsh rocky deserts, we have delivered EPC projects with exceptional ease where others fear to tread. Sidestepping archeological sites while pipelaying in Georgia and protecting ancient subterranean Falaj Canals in Oman, we have executed projects across the world with environmental sensitivity.

Our team of 15,000 multicultural professionals across 16 international offices, seamlessly delivers global projects in energy, infrastructure and defence.

Whatever the terrain, wherever the challenge, we get it done. The Punj Lloyd way.
